## AP Studio 2-D Art Course Prerequisites Part II

### STUDENT AGREEMENT:

(Student, please initial each line)

\_\_\_\_\_ I understand this course is a college preparatory course, weighted higher than other electives such as Home Economics or Study Hall. As such, the course carries an academic course load, including classwork and homework.

\_\_\_\_\_ I understand that the first half of this course, I will receive assignments from the instructor, with a growing level of autonomy over media and composition choices.

\_\_\_\_\_ I understand that the second half of this course, I will have greater autonomy over the composition and media choices of my artworks. I will be increasingly self-directed and timely submission of my completed works will be my responsibility.

\_\_\_\_\_ I understand that I will have summer assignments due the first day of class. These will be emailed to me (the email on file with ACA) by July 15.
