American Christian Academy

American Christian Academy is more than a school. We are a family, community, and an environment to develop a Biblical Worldview in our students. Our graduates go into the world prepared for whatever God has planned for them. The entire culture, curriculum, and mindset of our school is to prepare students not just for college, but for life. An education at ACA is an investment, but it is one that will be paying dividends for years to come.

American Christian Academy was founded in 1979. In 1989 Dr. Dan Carden assumed the leadership role while the school was still in Northport. In 2002, God blessed ACA by allowing us to move to our present location on Veterans Memorial Parkway. Grateful for the education that they received, many alumni choose to enroll their children at ACA and even return as teachers, coaches and volunteers.

The environment at ACA is different from other schools. Because we have students from infants through 12th grade, teachers know not only individuals, but often the entire family.

In addition to an excellent teaching staff, students are given the opportunity to learn outside the constraints of a typical classroom. Younger children visit parks, historical sites and museums. Older students are able to learn in a sea lab, visit cities like New York and Atlanta, and travel overseas to places like Rome and Paris. From a kindergartner's trip to the zoo, to a senior exploring the ruins of Pompeii, our students are exposed to other environments and cultures, changing their perspective of the world around them.

American Christian Academy is a college preparatory school. We strive for excellence in all areas of life, and our students are challenged to reach his or her full potential. Over 95% of our graduates attend college, including world-class colleges and universities across the country and receive academic, athletic, and fine arts scholarships as well.

You invest in your child because you want to see them succeed in whatever endeavors they face. We share that goal, and we want to serve as partners with you to prepare your student for what God has in store for them.

Serving a Second Generation

These are just a few of our parents who once attended ACA and now have their children enrolled as second-generation students. Many of these parents are still involved with our school serving as teachers, coaches, administrators or support staff.

A great deal has changed over the years, other faces have come and gone, but each one has contributed something to the school; each one has helped to make it better.

When it came time for our alumni to find a school for their children it was the atmosphere at ACA that led them home. Even with growth, progress and expansion, the heart of American Christian remains the same.

These second-generation students carry on the heart, the pulse of ACA. We serve this great generation today, confident that many more will come behind it.

OUR MISSION STATEMENT

American Christian Academy exists as a partnership with parents, to instill Christian character and academic excellence for all students.
